SPECIAL REACH: ENRICHING LIVES, SUPPORTING FAMILIES

MISSION

The mission of Special Reach is to provide dynamic enrichment programs for children with developmental delays and respite for their families. Our programs empower children with disabilities to develop social skills, enjoy enriching experiences, and form lasting friendships, while offering much-needed breaks for parents and caregivers.

OUR PROGRAMS

PARTY NIGHTS

A unique twist on Parents' Night Out, our themed Party Nights provide children with disabilities (ages 6-18) and their siblings (ages 5+) a safe and fun environment to socialize, play games, do crafts, and dance. Parents and caregivers receive a well-deserved break knowing their children are cared for by experienced staff.

SAN ANTONIO ADVENTURE & SUMMER PROGRAMS

Our school holiday and summer programs (ages 6-18) offer engaging activities featuring community guests such as musicians, athletes, and community heroes. Children transition through hands-on activities that promote creativity, socialization, and confidence.

ALUMNI ENRICHMENT PROGRAM

Past participants (ages 19+) enjoy exclusive dinner parties and serve as mentors in our other programs, strengthening leadership and life skills while staying connected to a supportive community.

OUR 2024 IMPACT

- 1,408 children with disabilities have attended our programs, while 3,087 family members received respite
- 100% of caregivers report reduced stress levels
- 90% of participants show measurable improvement in social and developmental skills
- 1,449 teen and young adult volunteers attended from 22 high schools and colleges providing mentorship and fostering inclusion
- Our programs have consistently improved language, self-help, motor, and behavioral skills in the children we serve.

IVAN'S STORY: A LIFE TRANSFORMED

Special Reach profoundly impacted many children's lives, including Ivan's. During our week-long summer camp, Ivan, who struggles with communication, received dedicated, one-on-one support from a specialized staff member. Through personalized guidance, he improved his ability to express his needs using his AAC (Augmentative and Alternative Communication) device.

Special Reach's compassionate, personalized approach not only develops essential skills but also strengthens family bonds and creates lasting connections. Thanks to generous donor support, children like Ivan experience remarkable growth in their language, physical, and social skills while making lasting childhood memories.
